Schurz sports teams have won more than 65 City and 22 Regional Championships

MOTIVATING FUTURES

Schurz High School works with a variety of external partners to provide our students with opportunities ranging from internship and job placement assistance to tutoring and college mentoring. Through our partner programs, students can visit college campuses, get assistance with financial aid and scholarships applications, participate in performing and fine arts, and connect with professionals for apprenticeships and career planning. Reflecting the values of our school, our partners guide students to participate in local and international service projects, provide legal services and advocacy education, and encourage students to take an active role in improving their communities.

**ADVANCING ACADEMICS**

**DUAL LANGUAGE**
English & Spanish

**CAREER & TECHNICAL EDUCATION**

**Career and Technical Education (CTE)**
offers work-based learning for students to explore specific industry-related careers at an intimate level. Students follow a college and career preparatory curriculum with experiences that include job shadows, apprenticeships, paid internships and industry certifications.

- **Automotive Technology**: Learn the basics of computer diagnosis for automotive repair as well as traditional tool usage for the entire repair process which includes evaluating, repairing, and maintaining vehicles. Develop the skills necessary to earn nationally recognized certification.
- **Digital Media**: Learn to navigate the latest software applications in the Digital Media industry to build your design skills and use industry standard equipment to bring your ideas to life by creating ads, posters, and dynamic visual presentations.
- **Business and Finance**: Develop the skills necessary to build a business plan to create, establish, organize, and manage your own small business. Learn about careers in financial planning, banking, insurance, international finance, entrepreneurship and accounting.
- **Pre-Engineering**: You will be exposed to all areas of the engineering industry including design and drafting, structural concepts, product design and production technology. You will use an inquiry process and technologies such as CAD software and 3D printing to prototype, design, and create.

**International Baccalaureate Program** provides a unique education where students develop strong academic, social, and emotional characteristics. The IB Program encourages students to be active in their communities, think critically, and prepare for higher education in more selective colleges and universities.

**Fifth Star Makerspace**

**Learning Garden**

**SPORTS TEAMS**

**CLUBS**

**NEWLY RENOVATED ATHLETIC FIELD**

**ALLIED HEALTH**: Learn about the structures and functions of the body, how illnesses are prevented, diagnosed and treated and managing medical records. Earn CPR and First Aid certification as you explore various areas in the field of healthcare.

**FIFTH STAR MAKERSPACE**

**LEARNING GARDEN**

**ADVANCING ACADEMICS**

**LAUNCHING LEADERS**

**ADVANCED INDIVIDUAL DETERMINATION (AVID)**
A nationally certified college readiness program that prepares students with the skills and determination to attend four-year colleges by providing instruction in writing, inquiry, organization, critical reading, and support throughout the college application process.

**INTERNATIONAL BACCALAUREATE PROGRAMME (IB)**
Launches critical thinkers who are problem solvers with a global perspective, well-prepared for success in college and beyond.

**DUAL LANGUAGE PROGRAM**: The Dual Language Program is the first on the North Side and provides students with academic content area instruction in both English and Spanish in order to enhance students’ language skills and promote bilingualism and biliteracy.

**ADVANCEMENT VIA INDIVIDUAL DETERMINATION (AVID)**
A nationally certified college readiness program that prepares students with the skills and determination to attend four-year colleges by providing instruction in writing, inquiry, organization, critical reading, and support throughout the college application process.
